Align Electromechanical Work LLC is a professional and turnkey MEP Contracting Company in Dubai offering services include Mechanical, Electrical, Plumbing, Fire Fighting and Specialized Systems to all over United Arab Emirates.

Since 2013 Align Electromechanical Work LLC has been serving the MEP needs of the industry in UAE. Whether state of art design & drafting or process of execution, our services resonate with perfection in every aspect. Our company focuses on offering tailor made services that help you achieve your premeditated goals without delay.

Our Services are a perfect blend of cost-effectiveness, top-notch quality that's in par with industry standards and time bound MEP Engineering that is perfectly matched with our state of art infrastructures. Our Project Management team is proficiently managed by trained, experienced and skilled Project Manager who assume sole responsibility for satisfactorily completion of the project. We believe in working closely with our clients to make sure every detail of the project is taken care of.

Our Goal is customer satisfaction. Our services are result oriented and process driven. We strive constantly to upgrade our technology to be in par with modern developments and provide our clients with best solutions. Our long term business association with our clients is a result of our customer friendly MEP Services combined with efficient project management and wide range of options with flexibility.

Our Vision

To become one of the leading and reliable MEP contracting company in UAE & Worldwide with utmost quality & satisfaction.

Mission Statement

To ensure the reliability of our company through repeat and referral business achieved by customer satisfaction in all areas including perfect finishing, timeliness, attention to detail, service-oriented approach, safety and environmental compliance.

Our Project Approach

- ❖ Requirement Analysis
- ❖ Design & Build Engineering
- ❖ Procurement (Resources, Materials)
- ❖ Approvals from the Various Authorities
- ❖ Installations
- ❖ Testing and Commissioning
- ❖ Delivering Projects
- ❖ Maintenance & Support

Why Align MEP?

- ❖ Vast MEP & Construction Industry Experience
- ❖ Structured & Professional Management System
- ❖ Quality work output as per requirement
- ❖ Experienced & Qualified Engineers, Staff and Technicians
- ❖ On Time Project Completion
- ❖ We are committed to being straight forward and fair with our clients & ensure client satisfaction.

KEY EXECUTIVES

Mr. Kutub Kapadia

Managing Director

With over 18 years experience in UAE in the field of MEP, he has handled several senior positions in Contracting and Consulting. He is a thorough professional and an experienced technocrat. He carries great respect in the market for providing excellent service and cost effective solutions.

Mr. Tapan Desai

General Manager

He has strong Management & Projects background with over 2 decades of total experience in diverse fields of HVAC, Electrical, Low Voltage Systems, Fire Protection System and Fire water tanks.

Align offers a complete range of MEP services include Design, Build, Installation & Maintenance for Commercial, Industrial & Residential Projects.

Mechanical

Specialization

- ❖ Heating, Ventilation & Air Conditioning (HVAC) System
- ❖ All type of Air Conditioning System (Centralized, Wall-Mounted, Split System, CC, Ducted)
- ❖ Chilled water system, chiller plants, cooling towers, FAU, AHU, FCU
- ❖ Refrigeration and low temperature projects
- ❖ Duct Works & Installation
- ❖ Ventilation Systems
- ❖ Inspection, Surveys & Reports of Existing Installations

Electrical, Fire Alarm & Emergency Lighting System

Specialization

- ❖ Electrical Engineering (Design & Product Selection)
- ❖ Installations of Electrical Panel Systems like MDBs, Panels, SMDBs, DBs / Capacitor Banks
- ❖ BMS Installation
- ❖ Busbar System Installation
- ❖ Cable Laying & Termination Works
- ❖ Electrical Containment Systems
- ❖ Low Current System & Low Voltage System
- ❖ Power Distribution

Align offers a complete range of MEP services include Design, Build, Installation & Maintenance for Commercial, Industrial & Residential Projects.

Plumbing Services

Specialization

- ❖ Design & Installation of plumbing, drainage and sanitary systems
- ❖ Pump & Tank Installation
- ❖ Complete Piping Works
- ❖ Sanitary wares fixing
- ❖ Sewage Treatment Plants
- ❖ Water Treatment Plants
- ❖ Potable Water Booster Systems
- ❖ Testing and Commissioning

Fire Fighting Systems & Services

Specialization

- ❖ Design, Installation and Servicing of Fire fighting systems
- ❖ Automatic sprinklers/Wet Riser/Dry Riser/ Fire Pumps
- ❖ Foam System
- ❖ Fire Alarm & High Sensitivity Smoke Detection(HSSD)
- ❖ Emergency Lighting (Self Contained, Monitored & Central Battery)
- ❖ Fire Water Tanks
- ❖ Testing and Commissioning

“Quality, Service and Experience is the spirit of **Align Electromechanical Work LLC**”

Align Electromechanical Work LLC is committed to provide products and services to its customers at competitive rates and quality, which will meet and exceed customer needs and expectations.

Accordingly Align Electromechanical Work LLC will operate its business through the implementation of Quality Management System, which influences the use of latest technology and best commercial practice and continual improvement of the effectiveness of Quality Management System to attain the company quality objectives.

Continual improvement in quality of our service is the responsibility of every employee of Align Electromechanical Work LLC Quality objectives that are in line with quality policy are established.

Align Electromechanical Work LLC is committed to enhance the competency of employees by providing trainings and verifying the effectiveness of trainings.

Align Electromechanical Work LLC ensure safe and conducive working environment. It is committed to continually improve the performance of quality management system that complies with ISO 9001:2015 Standard. Align Electromechanical Work LLC timely delivers products and services that meet customer’s requirements.

Align Electromechanical Work LLC quality policy is implemented through the following schemes:

- ❖ Understanding customer requirements thoroughly and properly.
- ❖ Fulfilling agreed customer requirements and enhancing customer satisfaction.
- ❖ Complying with ISO 9001:2015 Standard requirements and also with applicable legal and other requirements.
- ❖ Enhancing the employee competency and employee commitment to Quality Management System.
- ❖ By having latest technology machines / equipment.
- ❖ By continually reviewing, verifying and validating Quality Management System.

Align Electromechanical Work LLC shall commit and ensure the Health and Safety of its employees, visitors and the community at large and protect the physical environment in which the company activities are carried out.

The Management and Staff of Align Electromechanical Work LLC shall:

- ❖ Implement a HSE management system conforming to OHSAS 18001:2007 & ISO 14001:2015 and strive to its continual improvement.
- ❖ Identify and control the process and product effectively.
- ❖ Ensure the safety and welfare of our staff and the protection of our assets.
- ❖ Ensure the prevention of any impact on the environment resulting from our actions.
- ❖ Comply with all relevant Environmental, Health & Safety legal laws and other requirements.
- ❖ Identify the hazards assess the risk and manage those risks.
- ❖ Periodically review the suitability, adequacy and effectiveness of the (HSE) management system.
- ❖ Make every effort to protect the environment and prevent pollution, to minimize consumption of materials, to promote reuse and recycling of wastes and adopt best practice on waste management.
- ❖ Prevent accidents and cases of work-related ill-health.
- ❖ Ensure that the company's HSE policy is well communicated to all quarters concerned.

Align actively seeks to reduce its impact on the environment. Any threat to the environment from the activities and products used by the company are identified and either eliminated or effectively controlled. It is the intention of the company to ensure the following is carried out so far as practicably possible.

- ❖ Attention will be given to the conservation of rare vegetation during trenching operations.
- ❖ Minimize any disturbance to the global environment by encouraging every effort to eliminate, if possible or vigorously reduce the emissions of CFC, HCFC and HFC refrigerants into the atmosphere.
- ❖ Disposal and transportation of waste from work sites will be carried out in a responsible manner with due regard to environmental considerations.
- ❖ In order to assist in reducing power generation emission the Company will work to improve equipment performance so as to assist in the conservation of energy resources.
- ❖ To ensure that Align meet or extends all statutory requirements with regard to the Environment.
